Hobart -----	\$70	\$150	\$290	\$60	\$80

Australia Post - Overnight	We recommend this service for Victorian and Tasmanian based breeders. Other States please check Postcodes to make sure delivery is guaranteed next day before using this method of transport.
Perishable - Aust. Air Express	Highly reliable same day service for Interstate breeders. Pick up required from Destination airport. Shipment will leave on the next available flight.
Next Flight - Aust. Air Express	The most reliable service for Interstate breeders. Pick up from airport (recommended) or delivery to your door (extra charges will apply to above rates).
Overnight - Aust. Air Express	This service is available but delivery is guaranteed within 48 hours, so we do not recommend. Price is similar to Perishable rates.
TNT - Overnight	An economical service with delivery to your door or pick up from depot. Not as reliable as Australian Air Express.
TOLL - Overnight	Very reliable service with guaranteed AM delivery to your door.

Please Note: Prices and Availability of Service are subject to change, in line with the shipping company's terms.
